

Press release

9. April 2019

Indesmatech is expanding - Additional staff for UK market.

Duncan Bennett, based in Lichfield UK, is now part of the Indesmatech team to support the activities in UK and Ireland. This brings the total North European team to 10 people from 4 locations, covering Nordic, Baltics, UK and Ireland.

Main focus will be on Semtech's full portfolio on TVS, Power, Wireless Charge and Wireless technologies including LoRa technologies and LoRaWAN eco systems.

Duncan has a long background in Electronics working for semiconductor manufacturers and a local Independent design house. Hence a perfect fit to the Indesmatech profile.

Check out our new website for more information.

Best regards
Indesmatech ApS
